Week 3 April 7-9

	Tuesday	Wednesday	Thursday
Science (40 min)	Stem Activity – you are going to make a nest for the Easter Bunny. You can use materials from inside your house, outside, or both. The nest will have to be big enough to hold a real rabbit (house cat) and the nest will need a cover over it to keep the rabbit dry when it rains. You can build it inside your house or in your yard. Email a picture of it to Mrs. Mulloy by Thursday.		Email Mrs. Mulloy your picture of your nest.
Extra	Art Project PE	Art Project PE	Art Project – due Fri. PE
What needs to be turned in today	Email Brainpop quiz		Share Math activity with me

Holy Week Family Retreat – use school website

Thursday, Apr. 9 – stations of the cross

<https://www.youtube.com/watch?v=H86KVT4rzP8&feature=youtu.be>

Monday, Apr. 13 – Be a Light of Christ

In an effort to provide light in the world where there is so much uncertainty and worry, the St. Edward School family will have the chance to participate in a kindness activity each week to share the light of Christ with those around them.

Our first "Be a light of Christ" activity will be "showcased" on Easter Monday. All students are encouraged to participate with their family to provide hope and encouragement for their neighbors, friends and families. Our first activity is to create a positive message by drawing a picture, writing encouraging words or a Bible verse with chalk on your driveway or sidewalk. Or you can share your message by writing on a piece of paper and hanging it on your mailbox or front door. Please take a picture and share it with your teacher. We will share the pictures with our SE community.
